

U-POL PNEUMATIC CUSTOM CAN FILL-ONE+ AEROSOL FILLING SYSTEM

Time and cost savings

HIGH MARGIN

SMALL INVESTMENT

EASY TO USE

- Easily fill custom aerosols for your customers
- Generate high margin sales
- Very little investment required compared to most urethane paint systems
- Easy to use - no need to measure or mix and no waste or loss of paint product
- Fills quickly in 10 seconds
- Proprietary cap leaves a color swatch for easy identification
- Pneumatic using a standard 120-140 PSI compressor
- Quieter than ever with new silencers
- New manometer indicates when fill cycle is complete
- Minimizes labor and cleaning time
- No more machine air pressure, pigment charge or paint viscosity after sales issues
- Now compatible with neck-in aerosols
- Environmentally friendly

The U-POL **Custom Can Fill-One Aerosol Filling System** provides precise color matched paint in any color for both professional and DIY use. This compact device needs no costly solvent or labor to clean, and the proprietary filling cap prevents double fills and conveniently displays a paint swatch permanently sealed inside.
