

DRIVING SURFACE PERFECTION™

CUSTOM CAN ELECTRIC MULTI FILL MACHINE

Introducing a new CUSTOM CAN ELECTRIC MULTI FILL Machine for filling Custom Can aerosols. A fully automated unit that features a timer to pump the required amount of paint into each aerosol can.

The key benefits of the new electric multi-fill machine are:

- **Easy to install** - no air supply required and no compressor air pressure issues
- **Faster** - fills 360 cans/hour
- **A very clean filling system** - cans can be pre-labelled to save time
- **Requires minimal space** - a more compact design
- **Saves time** - No door so its quicker to switch cans when filling
- **Secure** - Easy lever pull to locate the valve securely

Machine Specification:

1. 220-240V 50hz electric supply
2. Powered by 0.12Kw motor
3. Stainless Steel body and frame
4. Spring Loaded can locator
5. Dimensions (with a 5L can filler):
W = 31cm / D = 43cm / H = 74cm
6. Weight = 34Kg
