U-POL COATINGS (SHANGHAI) CO. LTD hereby advise that the U-POL range of products have been specifically developed for Automotive Refinish applications and as such, providing they are used in accordance with our guidelines and recommendations, will give long and lasting repairs.

All U-POL products have been developed with significant shelf life stability and are marked either with the date of manufacture, date code and/or an expiry date depending on the production line used. We trust this gives every assurance to our valued customers.

Note: All shelf life information is based on the product remaining unopened in its original packaging in good storage conditions. Poor storage conditions may affect the shelf life of these products. The information given on this sheet is for guidance only. This information is liable to modification from time to time in the light of experience and our policy of continuous development. For any other information please contact us at technicalsupport@u-pol.com for assistance
