

DRIVING SURFACE PERFECTION™

DOLPHIN PUTTY

Ultra Fine Glazing Putty

Dolphin Ultra Fine Glazing Putty is a premium finishing putty for filling dents and imperfections on most substrates. This formulation features sophisticated lightweight technology to produce excellent filling properties combined with smooth application and effortless sanding.

- Flexible, pinhole resistant formulation
- Effortless sanding, whether it's a day or a week later
- Non-porous formula will not shrink or pull back
- Quick drying - solvent impervious and ready to sand, prime and paint in 20 minutes
- Unparalleled adhesion to most automotive substrates including bare steel, aluminum and galvanized
- Adheres direct to metal, prepared OEM paint surfaces, aluminum, galvanized, SMC, fiberglass, lightly abraded E coat, most plastics
