

DRIVING SURFACE PERFECTION™

# S2000

Water Based Degreaser

TECHNICAL DATA SHEET

Version: 1.0

## DESCRIPTION

High performance water based anti-silicone panel wipe with aggressive degreasing action to remove contaminants such as wax, grease and silicones. Anti-static properties enable the effective removal of surface static (built up during the preparation stages) prior to over coating.

- Low VOC formula suitable for solvent sensitive plastics
- Compatible with most paint systems
- Non-flammable, non-hazardous

**Typical Use** - SYSTEM 20 Waterbased Panel Wipe is a carefully formulated anti-static, anti-silicone panel wipe which provides a powerful, aggressive degreasing action that avoids any attack on existing paint films.

### Technical Data

<b>Appearance</b>	Clear liquid
<b>Specific Gravity</b>	1.0

## STORAGE & VOC INFORMATION

**Recommended Storage Temperature** +5°C - +25°C

### VOC Information

The EU limit for this product (product category: IIBb) in ready to use form is 200g/litre. The VOC content of this product in ready to use form is 100g/litre.

Order Code	Format	Colour
S2000/5	5L Container	Clear

## APPLICATION GUIDE

### Tools Required

- Lint free wipers

- Apply generously to the area to be coated using a clean, lint-free cloth. While the panel remains wet, wipe with a clean dry cloth until the degreaser has been completely removed.

SYSTEM 20 Waterbased Panel Wipe is designed for use over most automotive substrates and existing paint surfaces.
