

TIGER SEAL™

POLYURETHANE ADHESIVE & SEALANT

Apply Direct to Metal

TIGER SEAL™ is a moisture cured polyurethane sealant and adhesive ideal for replicating the factory appearance of a variety of automotive seam situations. Ready-to-use in a convenient single component formula, **TIGER SEAL™** can be used for an array of automotive applications.

- *Can be applied direct to bare metal, steel, aluminum!*
- Convenient, ready-to-use 1K formula
- Completely and permanently seals and bonds body panels, trim, and seams, like around windows, doors and lights
- Use a standard caulking gun with the cartridge
- Immediately paintable! Can be tooled and painted when wet
- Tool with water only. Tooling with solvent is not recommended.
- Permanently flexible - never gets brittle
- Moisture cured and non-shrinking

Substrates: Bare metal, steel, aluminum, brass, iron, fiberglass, most plastics, glass, wood, and ceramics
